

**2010 MILLETT  
OPTICS BROCHURE**

# YOUR PRECISION ENGINEERED TACTICAL ADVANTAGE.

**We build rugged, field-proven optics with  
tack-driving purpose.**

Never before has there been stronger demand for target, varmint and tactical-style riflescopes and red dots. And no one is answering the call like Millett. Implementing the same standards for durability and exacting craftsmanship that make our rings, bases and accessories among the most trusted in the world today, we've built a complete line of premium riflescopes dead-on target with customer requests and industry trends. From close quarters to extreme range, we proudly have you covered.

# LOW LIGHT. NO PROBLEM.

**SP Series™ Red Dots.** The deadly accurate combination of dot intensity control with eleven settings, crystal clear, parallax-free sighting, and the widest field of view in its class make the Red Dot SP Series the ultimate in fast-sighting capabilities.

ITEM	POWER/OBJ	RETICLE	LENS COATING	FINISH
RD00004	SP-1 Compact	1"	3 Min Dot	Matte
RD00904	SP-1 Compact	1"	3 Min Dot	Silver
RD00005	SP-2 Compact	30mm	5 Min Dot	Matte
RD00905	SP-2 Compact	30mm	5 Min Dot	Silver
RD00006	Multi-Dot SP	30mm	3, 5, 8, 10 Min Dot	Matte
RD00906	Multi-Dot SP	30mm	3, 5, 8, 10 Min Dot	Silver

Multi-Dot SP is compact, yet has maximum versatility.

- Waterproof and shockproof
- Precision-click adjustments for windage elevation
- Dot intensity control switch with eleven settings
- Parallax free
- 30mm Redot™ provides an extra-wide field of view, the widest in its class
- Battery, rings, scope covers, and sunshade included

# OUR GOLD STANDARD.

**Buck Gold™ Series.** BUCK GOLD is the culmination of years of improvements to our 30mm target and varmint scopes. Premium glass provides exceptional clarity and fully multi-coated optics assure maximum light transmission for excellent image quality in low-light conditions. A one-piece tube with dry nitrogen purging creates a rugged design with superior waterproof integrity.

ITEM	POWER/OBJ	RETICLE	LENS COATING	FINISH
BK30734	4-16x 56mm Side Focus	Duplex	Multi-Coated	Matte
BK30735	4-16x 56mm Side Focus	Mil Dot	Multi-Coated	Matte
BK30736	4-16x 56mm Side Focus	Fine Hair	Multi-Coated	Matte
BK30737	6-25x 56mm Side Focus	Duplex	Multi-Coated	Matte
BK30738	6-25x 56mm Side Focus	Mil Dot	Multi-Coated	Matte
BK30739	6-25x 56mm Side Focus	Fine Hair	Multi-Coated	Matte

- Fine crosshair with 1/8 MOA dot reticle
- Heavy-duty, one-piece main tube, provides the foundation for precise lens alignment and other components.
- Absorb the heaviest recoil and field handling conditions without failure.
- Reinforced variable power zoom ring serves to seal and support the eyepiece securely.
- Our special sealing and purge methods for dry nitrogen fill include internal moisture removal paths in the eyepiece. The use of water-resistant sealants, synthetic grease and secure O-ring seals protect against fogging over the life of the scope.
- Unique coil spring system applies uniform pressure to the zoom assembly throughout the windage & elevation adjustment range.
- Resettable dials are provided in both windage and elevation adjustments to retain sight calibration and easy return to zero.
- Finger-touch controls eliminate the need for coin slots. The fine clicks are graduated to produce 1/4 minute of angle corrections.
- Multi-coated optics deliver maximum light transmission and the sharpest image quality.

# FOR MARKSMEN CALLED TO SOMETHING BIGGER.

## LRS

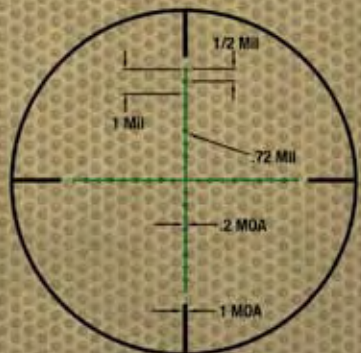

**The extreme-duty, extended-range LRS tactical riflescope.**

Massively built with a one-piece 35mm tube and 56mm objective, the LRS delivers superior brightness and outstanding repeatable accuracy with the largest long-range weapons, including those chambered for the 50 BMG and 338 Lapua. Precision controls with 140 MOA adjustment.

## LONG RANGE SCOPE

- Huge 56mm objective for a wider field of view and brighter image.
- Massive, super-strong 35mm tube improves reliability and resolution.

Magnification: 6–25x  
Objective Diameter: 56mm  
Eye Relief: 3"  
Tube Diameter: 35mm  
Optics: Fully Multi-Coated  
Reticle: Glass-Etched Mil-DotBar

ITEM	POWER/OBJ	TUBE	RETICLE	LENS COATING	EYE RELIEF	FINISH
BK81004	6–25x 56mm	35mm	¼ MOA Click	Fully Multi	3"	Matte
BK81005	6–25x 56mm	35mm	.1 Mil Click Value	Fully Multi	3"	Matte
BK81006	6–25x 56mm	35mm	¼ MOA Click Illuminated	Fully Multi	3"	Matte
BK81007	6–25x 56mm	35mm	.1 Mil Click Illuminated	Fully Multi	3"	Matte

5 AND 500 YARDS

ARE BOTH LESS THAN A  
HEARTBEAT AWAY.

DMS-1

The Designated Marksman Scope. 5 to 500

yards, down on the spot. The best of

riflescope-type optics and red dots meet in this compact,

extremely versatile and rugged design for close quarters to mid-range combat. Its specialized reticle allows you to switch from precision shot placement to rapid target acquisition in less than a heartbeat.

## DESIGNATED MARKSMAN SCOPE

- 12.6 MOA donut for rapid target acquisition at ranges as close as 3 meters.
- Illuminated dot reticle allows you to see your target clearly in low-light conditions
- 1 MOA dot for optimum medium- to extended-range precision out to 500 yards
- With both eyes open, this is a true 1x scope

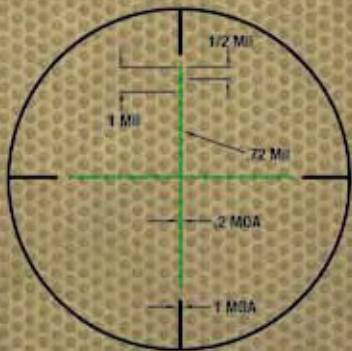

Magnification: 1-4x  
Objective Diameter: 24mm  
FOV @ 100 yards: 23' @4x and 90' @1x  
Eye Relief: 3.5"  
Tube Diameter: 30mm  
Optics: Fully Multi-Coated  
Reticle: Donut Dot

ITEM	POWER/OBJ	TUBE	RETICLE	LENS COATING	EYE RELIEF	FINISH
BK81002	1-4x 24mm	30mm	Donut Dot	Fully Multi	3.5"	Matte

# ENGAGE. NEUTRALIZE. NEXT.

**TRS-1**

The TRS precision tactical riflescope with illuminated Mil-DotBar reticle. Bright multi-coated optics and our illuminated Mil-DotBar reticle system clear the way through low light and over great distances to deliver your bullet with pinpoint accuracy. Add this scope's virtually bulletproof design and precision controls, and you're the master of any mission.

**TRS-2**  
| FIXED 10x SCOPE |

## TACTICAL RIFLE SCOPES

- Adjustable green illumination for precision in varied lighting conditions.
- Mil-DotBar system functions as a standard Mil-Dot with the addition of a thin line for easier alignment for rangefinding and holdover.

Magnification: 4–16x or 10x  
Objective Diameter: 50mm  
Eye Relief: 3.5"  
Tube Diameter: 30mm  
Optics: Multi-Coated  
Reticle: Illuminated Mil-DotBar
